| | \$ (115.00) | | \$ (43.00) | TOTAL OVERAGE/SHORTAGE | \$ (158.00) | |

*Shortage is due to new ticketing system being used this year (HomeTown Ticketing). Ticket sellers had to adjust to using it. I believe that the shortage is not an accurate depiction of actual shortage due to errors when inputting the number of tickets sold into the computer and not in cash handling. For example, the ticket seller would double tap and click that two tickets were sold without realizing it, when only one ticket was actually sold. - Kami Rex
